

## Hembree Springs Continuous Learning Plan for Advanced Math

**Math Time face-to-face- 8:00-9:15**

**Math Tim remote learning- 8:20-9:15**

Mrs. Mertz will pull small groups; your student will be notified when it is their groups turn.

**Learning Target:** I can multiply a whole number by a fraction.

I can explain the relationship between a fraction and a decimal.

Day/Date	Math	To be turned in:
Monday September 28 <sup>th</sup>	<p>Lesson: Multiplying a whole number by a fraction using a number line.</p> <p>Independent work: Complete the practice sheet in Teams on multiplying whole number by a fraction using a number line.</p>	
Tuesday September 29 <sup>th</sup>	<p>Lesson: Take "Am I Ready?" on page 625 of the math book, type answers in Teams. Discuss decimals and related them to money.</p> <p>Independent work: Math workbook pages 625. Lesson starting on page 631</p>	<ul style="list-style-type: none"> <li>• "Am I Ready?" type answers into Teams.</li> </ul>
Wednesday September 30 <sup>th</sup>	<p>Lesson: How are fractions and decimals related? Explore fractions with denominators of 10 and 100. Use visuals to add fractions together.</p> <p>Independent work: If ready for independent work, assignment will be in teams.</p>	

Thursday October 1 <sup>st</sup>	Lesson: Bring a whiteboard and a marker to class; we will be completing practice problems.	
TAG Day	Independent Work: Catch up on any unfinished assignments from the week.	
Friday October 2 <sup>nd</sup>	Lesson: Continue to practice adding fractions together that have a denominator of 10 or 100. How can I make a fraction with a denominator of 10 have a denominator of 100?  Independent Work: Add fractions with denominators of 10 and 100 together. Assignment in teams.	<ul style="list-style-type: none"> <li>• Adding fractions page in Teams</li> </ul>
